5210 A Way of Life Initiative

5210 A Way of Life is an initiative that partners with communities across the Northumberland County to promote healthy behaviors. It provides clear goals to live healthy every day, AND provides tools and resources to community leaders to make changes to their programs, policies, and environments so that the healthy choice is the easy choice.

Hearing a consistent message supported by a healthy community environment is important. By bringing community stakeholders together to share and support this common message, 5210 A Way of Life helps build partnerships and create healthy environments where everyone can eat well and be active every day.
